INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected entirely by [illegible]

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

FIRE INSURANCE COMPANY.

Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire.

The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2609 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

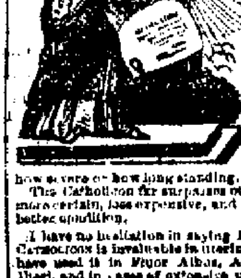
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed, and Irregular Menstruation, &c., with all their accompanying ills, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D., Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.

Truly Yours,

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

Matters at Madison.

[illegible] our Associate in this morning's [illegible] detailing the Legislative proceedings of [illegible] and Friday, deserve and will repay [illegible]. It would seem that "Investigation" be[illegible] in certain high quarters, and that the Governor has assumed to lecture the Assembly for passing sundry resolutions of inquiry. We think the Governor has lost his temper [illegible] mark in this unusual and unwarrantable proceeding, and that the people will very generally respond to the just rebuke administered to his obtrusive Excellency by Mr. Randall of Waukesha.

☞ It is reported, by telegraph from Washington, that A. Dudley Mann has resigned his [illegible] as Assistant Secretary of State, to take effect on or before the 1st of March. It is [illegible] that his resignation grows out of the Ostend Conference, and the changing policy of the Administration as regards Cuba.

The Governor and Prof. Daniels.

[illegible] Barstow has seen fit, in order to excuse himself for his partizan action in illegally removing Prof Daniels from the office of [illegible], to attack the reputation of that [illegible] him with incompetency for the [illegible]. It is proper that the people should know what is the real reputation of Mr. Daniels among those who may be supposed able to judge of it correctly. In this view, we give below, from the reports of the select committee, three testimonials which ought to set the point of competency.

The venerable President HITCHCOCK, one of the [illegible] of the age, writes to Prof. Daniels [illegible]:

"I have received your first annual report on the [illegible] of Wisconsin, and have read it with much [illegible]. It is but justice to say that the in ability [illegible] it is written, *it compares favorably with any of the annual reports which I have seen from the other States*, and in the development of mineral resources, it is far their superior.—*President Hitchcock.*"

Prof. W. B. Rogers, State Geologist of Virginia [illegible]:

"[illegible] who has marked the ability with which you have prosecuted the Survey, *and has [illegible] your published report, can doubt your qualifications for the work.*"

Prof. H. D. Rogers, State Geologist of Pennsylvania, says:

"In common with a number of the best Geologists in the country, *who have heard clear verbal [illegible] of the geology of your State, and who [illegible] your excellent preliminary Geological [illegible]*, I have been congratulating myself that [illegible] state mineralogically so interesting [illegible] have you as its expositor and [illegible] of its internal structure and [illegible]. I hesitate not to say that should so [illegible] be allowed to go unredressed by [illegible] the people of Wisconsin, *the [illegible] degraded in the eyes of all right [illegible] men.*"

If the Executive could easily find a lower [illegible] estimation of the people of this State [illegible] his present location, his conduct in this case [illegible] him to it, aggravated as his course is [illegible] threat in advance to veto any bill which the Legislature shall pass to give the aggrieved officer [illegible].

Senator From Illinois.—We announce [illegible] papers the election of Judge Lyman Trumbull (Anti-Nebraska) as U. S. Senator [illegible] Illinois, in place of Gen. Shields. It required [illegible] ballots to effect a choice, and then Mr. Trumbull received one more than the number necessary to elect. The prominent candidates were Mr. Lincoln and Judge Trumbull, on the Whig and Republican side, Gen. Shields and Gov. Matteson, on the Democratic. We give several of the ballots:

	1st	3d	6th	9th	10th
Trumbull	5	11	9	35	51
Shields	41	41	1	0	0
Lincoln	45	38	37	15	0
Matteson	1	2	45	47	47
Scattering	4	5	7	1	1

Maine Liquor Law.—The Legislature of Indiana and Michigan have both passed the Maine Liquor Law. Indiana, it is reported, will do the same. In Ohio, a similar law is in force, except [illegible] in its provisions. Beer and Native Wines—the culture of the Grape and Manufacture of Wine having become important branches of Ohio Industry. The Cincinnati, Cleveland and [illegible] papers speak very favorably of the [illegible] of their law.

The Germania Bank.—Comptroller Dennis [illegible] that the stocks deposited with him as security for the circulating notes of the Germania Bank will be sold and the proceeds applied pro rata to the redemption of said notes. It is believed that the stocks will realize very nearly [illegible] par, 100 cents on the dollar, on all the outstanding circulation of the Bank.

New State.—On Monday last, a bill passed the House of Representatives, which authorizes the people of Oregon Territory to assemble in convention and form a Constitution and State Government. When the Constitution shall have been formed, it will be submitted to Congress, [illegible] the requirements of the Federal Constitution, and is republican in its character, then the territory will be admitted into the Union on an equal footing with the original States, and under the name of the State of Oregon. The National Intelligencer gives the following synopsis of the provisions of the bill:

"The usual Courts are to be established, and [illegible] the census and apportionment the new State is to be entitled to one Representative in the Congress of the United States. Sections 16 and 36 in every township of the public lands in said State are to be granted for the use of schools. [illegible] sections are to be given for the use and support of a university; and then entire sections are to be appropriated for completing the public buildings of said State, or for the erection of others. Five per cent. of the nett proceeds of the sales of the public lands lying within the State [illegible] to be paid to the State for the purpose of making public roads and canals in the same, as the Legislature thereof shall direct, upon condition that there be no interference with the primary disposal of the soil with the same, and that no tax is to be laid upon the lands of the United States and no higher tax upon non-resident proprietors than upon residents."

Epidemic in Genesee, Waukesha Co.—We are informed by a gentleman from Genesee, Waukesha County, that the inhabitants of that vicinity are suffering from an epidemic, in the form of typhoid fever; and that in a number of instances it has proved fatal, carrying off three [illegible] from a family. This is bad news from [illegible] generally a remarkably healthy locality.

High Prices for Fuel in Chicago.—The Chicago Democrat of Friday complains bitterly of the high prices demanded for Wood and Coal in that city and of the consequent increased expense of living there. It quotes Hickory Wood at [illegible] per cord, Maple and Beech at $9,00 and Oak at 7,00—Coal from $7,00 to $10,00 per ton. In Milwaukee, we are more fortunate. Good hard wood is offered abundantly in our streets at $3,00@$3 50 per cord for the best Hickory, Maple and Beech. Coal, however, rules as high as in Chicago.

Accidentally Shot Himself.—We learn on Saturday that a body of the young man, named William Marsh, has been found shot through the head a short distance from Geneva, Walworth County. The ball had passed through his head and lodged between the scalp and skull. He had a gun and partridge with him, and every thing indicated that he had shot himself accidentally.

(Titles of the other bills passed, sent to-day.)

Select Committee on the missing resolution reported, exonerating the clerks, but coming down very severely upon some persons unknown for former acts of burglary, larceny, and forgery, in connection with legislative documents.

After considerable debate, in which some Senators urged that the charge was too general to be allowed to remain without further investigation, the subject was referred back to the committee, and authority given to send for persons and papers and administer oaths.

Senate adjourned to to-morrow.

Assembly, 10 A. M.

The Annual statement of the Merchant's Mutual Insurance Company, was presented.

Petitions:

By Mr. Viles, to change somebody's name.
By Mr. Bennett, to tax church property.
By Mr. De Wolf, from 5th ward Milwaukee, to amend charter.

By Mr. Bennet, instructing the Judiciary committee to report a bill for the sale of swamp lands to actual settlers, &c. It being stated that the select committee had been examining the matter, and was nearly ready to report, Mr. Bennett withdrew his resolution.

By Mr. Colley, the following:

Resolved, that the State Treasurer and his Assistant be, and they are hereby requested to report to the Assembly whether they have, during the past year, either directly or indirectly, by themselves or either of them, or through any other person, agent, or corporation, exchanged or sold, at a premium, any gold or silver, a part of or belonging to any fund of any department of state, or school fund; and if so, in what sums, at what rate of premium, and who received said premium. Also, whether they have directly or indirectly loaned or deposited any money belonging to the School or any other public Fund, to or with any person or corporation of any kind on their private account, or the private account of any other person or persons, and if so, how much, at what rate of interest or premium, for how long time, and by what legal authority.

This was adopted.

By Mr. Sherman, calling for the Report of the State Prison Commissioner, as printed—adopted.

By Mr. Randall, calling on the State Treasurer for the items of money drawn by Gov. Barstow since Jan. 1, '54 with various particulars—adopted.

(*Curious Legislature, this!* but the people are as curious, and the truth *must* come out, whatever it be, if it can be brought out.)

Bills introduced:

By Mr. Thompson, for the sale of Capitol lands.

By Mr. Ribble, concerning bridges in Dodge County.

By Mr. McIndoe, amending charter of Wausau and South Line Plank Road Co.

By Mr. McIndoe, amending charter of Portage City & Lake Superior R. R. Co.

By Mr. McIndoe, repealing charter of Madison & Swan Lake R. R.

By Mr. Randall, repealing the act appropriating $500 annually to State Historical Society.

By Mr. Randall, repealing charter of Muskego Canal Co.

By Mr. Randall, giving construction to the law of last session concerning the contingent fund, &c.

By Mr. Randall, authorizing the Governor to employ a clerk, and repealing the act authorizing the appointment of a Private Secretary at $1000 salary.

By Mr. Randall, giving effect to Sec. 2 of Art. 8 of the Constitution, relating to Finance.

These last are all reformatory bills, which will meet with much favor.

Reports of Committees:

Among these, Mr. Randall reported favorably on the bill to give effect to the County Court law of last year.

Mr. Bonnet reported favorably on claims amounting to $2,517.

Mr. Goodrich reported against refusing the appropriation to the State Agricultural Society.

And then, in the shape of a Message from the Governor, came a most remarkable document, in answer to a resolution asking for his reasons for removing Prof. Daniels, State Geologist. I have not time to copy it, but this is the gist of the thing:

Gov. Barstow loquitur.—"You impudent numsculls! You have no business to ask me for my reasons. I might tell you it is none of your business, and let that suffice; but I take pleasure in putting upon record my abuse of Prof. Daniels, and therefore I tell you that in my wisdom I thought him incompetent. And, further, I tell you, that if you pass a bill re-instating him, or to pay his salary, I WILL VETO IT FORTHWITH!"

What do you think of that now, ye innocent democrats, who supposed, when you voted for this man, that he, too, was a democrat! Why, here is a very Czar in miniature! The thing is unprecedented, I believe, in the history of this state. The words used by the Governor, as near as I can remember them, are:

"If the Legislature shall pass such a bill, I shall regard it as a piece of partizan legislation, and withhold the Executive signature."

That will be a good time come when the people shall have cleaned out this Augean stable; that is so.

Mr. Burns moved that this Message be printed together with the Report of the select committee.

Mr. Randall hoped that it *would* be printed; that this threat of His Excellency might be underscored, so that the people might see its object and intent. The motion was carried.

After the passage of a large number of bills, Mr. Parker had leave to make a report from a select committee, and reported the General Railroad Law of last winter, with some few remarks to the end that all legislation upon original charters and amendments to old ones should be postponed until this general law should be disposed of.

This looks very much like locking the door after the horse is stolen. Certainly, the passage of a general law is called for by the Constitution, and was called for several years ago; but since the Legislature has seen fit to set a host of special charters in motion, it is in honor bound, to furnish their owners with all such legislation as will make them efficient. The palpable direction of the Report at the bill amending the Mil. and Miss. R. R. charter, took somewhat from its general force. However, it is probable that an amicable arrangement will be made between the Company and the Contractors, on whose behalf Mr. Parker is understood to oppose the bill, so that there will be no difficulty in that direction. The bill will pass the House by a two-third vote at least, I think, and substantially as it came from the Senate.

In committee of the whole, the bill in relation to the State Geologist coming up, there was a disposition shown to press it along, but as Mr. Ebbetts expressed a desire to make a minority report from the Judiciary Committee upon the subject, it was laid on the table by general consent.

Just before the adjournment, Mr. Van Nostrand, from the joint select committee on the missing resolution, made his report. It exonerates the Clerk of the House entirely, but goes on to say, that the halls of legislation have been pestered for some years, with men who have committed burglary in breaking open doors and desks, larceny in stealing bills, &c., and forgery in altering documents; that charges of the kind were made against some who were candidates for election; that some were defeated, and others not; that the clerks ought to procure such locks as will not be easily opened, &c.

Mr. Ebbetts thought the charges very severe, and too general, and such as ought to be investigated. He moved that the subject be referred back to the committee so that they might name the guilty parties.

Mr. VanNostrand said that the committee did not desire to be more specific. Enough had been said to warn the guilty ones.

Mr. Goss asked if they were members of this House.

Mr. VanNostrand. They are not.

The motion to refer back was so amended as to authorize the committee to send for persons and papers, and then carried.

Whether or not this committee will be able to detect the rogues, there is a bill now before the Legislature which provides severe penalties against such shameful outrages. I can recollect, during the five sessions which I have spent here at Madison, at least a dozen cases where bills or resolutions have been stolen or altered, and the Legislature made to appear as doing just contrary to its intention, or its action rendered entirely null and void. It is high time that a stop was put to this.

I see that our mutual friend Cramer of the *Wisconsin* is fussing away at that old mare's nest about the Governor's Message. Just tell him, for me, that he is a humbug, and ask him if he has yet ascertained when Gen. Scott is expected in Milwaukee.

W. H. W.

P. S.—I am informed from a source which is entitled to credit, that the $3,000 appropriation *has* been drawn by the State Agricultural Society, and that since the passage of the second resolution by the Legislature, though a draft for it was accepted while the first resolution was pending and missing.

W. H. W.

Madison, Feb. 9, 1855.

The enterprise of the Daguerrian artist, Mr. Johnson, of taking the portraits of the members, has taken a new and good direction, the State Historical Society having invited the members to furnish the portraits for its rooms. This will be an excellent method of preserving them—each Legislature by itself,—for a long time to come; and although members may not be vain enough to think that their pictures will be particularly ornamental, yet the idea of preserving together the facial elements of those who have served the state, is a good one.

Prof. J. B. Woodbury, the composer, is here, having written in advance of his coming, to have preparations made for a Musical Convention.—By some misunderstanding, no preparations were made to receive him—but a series of interesting meetings are being held. As I know nothing of the science, scarcely being able to distinguish "Yankee Doodle" when performed by the most brilliant stars, I wont philosophize upon the subject.

There is an item of "investigation" which is likely to be troublesome. A short session is desirable, and yet, during such a session, but a brief time can be devoted to looking into the condition of the various bureaus requiring investigation. Still, so far as most of them are concerned, such information will be obtained during the session as is necessary, and laid before the public. But the thorough examination of the condition of the General and School Funds is something which cannot be accomplished in brief space, and it is quite probable that a commission will be created to sit during the recess, in order to conduct the examination asked by the state officers. This will be a more economical method of reaching the object than by prolonging the session for the purpose. So many errors have been already discovered in the Reports, that there is a general lack of confidence in their correctness. Thus there is an error of some $2000 in the statement of money disbursed for members of the Legislature last year, and one of $10,000, unless I am misinformed, as to the amount paid for the State Prison. Then there is an error of some 120,000 acres in the footings of the Commissioners of School Lands. I have already noticed a material error in the Secretary of States, estimates. Doubtless some of these may prove to be merely clerical errors, but if the books balance upon such footings, there is something wrong about the accounts.

There was nothing of interest in Senate this morning, beyond the passage of three or four bills.

In Assembly, a resolution passed, offered by Mr. Wakely, calling upon the Commissioners of School Lands for information in relation to the fees charged by them upon the sale of lands, and upon loans. It is strange that this has not been thought of before. The amount of fees on each 40 acre tract is said to be $1,50 or thereabouts, and the whole of it illegal and unauthorized.

Bills introduced:

By Mr. Topliff, relative to County government.

When the Committees were called, Mr. McIndoe, from the Railroad Committee, reported back the bill amending the charter of the Mil. and Miss. R. R. Co., stating that the Committee was equally divided upon its merits, (himself and Mr. Judson of Kenosha upon one side, and Messrs. Earnest and Williston on the other—Mr. Martin being absent,) and recommending that it be made the special order for Monday. On the suggestion of Mr. Earnest, the day was fixed for Thursday next. An arrangement has been made with the contractors on the Southern Wisconsin R. R. Co., so that there is no further opposition from that source.

The Committee on claims reported unfavorably on sundry bills for gold pens for clerks in the Departments, purchased during the year. Among the bills which this Committe reported back was one of $82 for our Sheriff Conover, for bringing up Messrs. Booth and Rycraft on the writ of Habeas Corpus.

A bill providing that after the 1st of May next, millers shall be entitled to one-tenth toll, provided they shall not give peference to their own grists, was summarily beheaded this morning, not even a dead head being left.

In Committee of the whole, Mr. O'Neil in the chair, the general file was diminished by some 30 bills and memorials, and they were variously referred or ordered to a 3d reading.

The rules were so amended, as that the Assembly shall hereafter meet at 9 A. M. which will expediate business materially, and leave the afternoon for Committees.

Just before adjourning, a Message from "His Excellency" was called up and read, but for which we should have had a dull day. It was partly in answer to a resolution asking how much land has been received from the U. S. appraisal, and sold, under arrangement with the U. S. government relative to the Rock River Canal Grant, &c.

The Governor first answers that *none* has been received, appraised or sold, under that arrangement. Next, he "snubs" the Assembly for passing resolutions under misapprehension of facts, and on ideas "gathered from unreliable sources." Next, he goes into a history of the Canal Grant Lands &c., by which it appears that *all*, or nearly all, of the 138,000 acres *have* been obtained, appraised and sold, while Uncle Sam withholds $2,50 per acre as their value, out of the 5 per cent fund; and he thinks that with the aid of extra counsel—it being no part of the Attorney General's business to attend to these things—there is some prospect of getting the 5 per cent.

Then, fired with indignation, he pitches into the Assembly with all the fury of an untamed *virago*, because of its unseemly conduct in passing these resolutions of inquiry. He says that there seems to be a *mania* for these resolutions—that all of the information wanted is obtainable from the Reports—that those inquiries are the result of personal feelings and partisan malice, and highly improper—that the only proper way is to appoint efficient committees, and set them at work—and he scores the Assembly for its reluctance to proceed in that manner, concluding with repeating that part of his Annual Message calling for investigation.

This highly decorous and dignified document was listened to with both surprise and contempt.

Mr. Adams moved that it be laid under the table; but Mr. Gary moved that it be referred to a select committee, with instructions to examine and report upon the matters therein contained.

Mr. Randall moved to amend the instructions so as to report upon the assumptions of the Governor in relation to the acts of the Assembly.—The amendment was accepted by the mover, and Mr. Randall proceeded to remark in substance as follows:

The character of this Message and the one sent in yesterday, intended to intimidate the Assembly by threatening a veto of a bill supposed to be favored by this body, deserves serious attention and reflection. I regard the attitude assumed by the Executive as undignified in the extreme, and as one unheard of heretofore in the history of this, or any other State. (Mr. McIndoe here interrupted with the suggestion that the subject was eliciting debate, but general consent was given, and Mr. R. proceeded.) Such a course as that assumed and pursued by the Executive was one which ought never to be seen or heard of.—The two Departments of the State were independent in their functions. The Legislature is to pass laws, and the Executive, when they come before him, to consider whether they are unconstitutional, or have been hastily enacted. He has no business to judge beforehand of the probable character of bills, concerning which he can know nothing until they come before him. This method of attempting by intimidation, to dictate to the Assembly what bills it shall or shall not pass is as peculiar as it is surprising, and I wish to see the member who is disposed to bow down to the dust, and lick the feet of His Excellency. I wish to see the independence of the Legislative Department vindicated. Now, as to the remarks of the Governor in reference to the resolutions passed by the Assembly, and the charge that they were adopted for particular purposes. The reports of the State Officers had called for investigation—the Governor had called for investigation—the press and the people had called for investigation;—they asked for light, and to obtain light upon these subjects, we must ask and obtain information. We ask it of the proper persons, the officers who are supposed to be able to impart it to us. And then, when we do ask for information, the Governor comes in here and charges us with asking it with "personal feelings and from partizan malice." What can be the object of these officers in thus setting themselves up against any investigation into their conduct?

As to referring to the Reports for the information needed, I defy any one to obtain from them the truth in relation to a single matter contained in them. And why? Because they are full of intentional or unintentional errors. The Governor tells us to get our information from the Reports! We cannot obtain what we wish, since we find that no confidence can be placed in their statements. (Mr. Randall here mentioned several of the blunders, or worse, including those named in the former part of this letter.) And yet, he proceeded, the books balance, with all these monstrous errors! And His Excellency tells us to go to the Reports for true information! Either there are gross blunders or gross falsehoods in these documents. If the books do balance, then there must be some $12,000 or more unaccounted for, gone nobody knows where; or if the books do *not* balance, and the Reports are wrong, then what can we rely upon? And how can we get information except by calling upon the proper officers, when circumstances demand it, and as these errors are discovered? What of impropriety—what of partizan malice—is there in this course? If this is partizan conduct, then all are guilty of it, for these resolutions have come alike from Republicans, and Democrats and Hunkers, and Shanghais. All *have* called for information upon these various subjects, and are anxious to obtain it, or ought to be. If this is so, to what party does the Governor charge the malice of the proceeding? What two parties are indicated by him as existing here? Are there two such parties as an investigating and an *anti*-investigating party—and does he refer to these? Is it true that we have two parties, one open-handed, defying concealment, and inviting investigation, and the other just the contrary? I hope that there is no party here which seeks concealment; and I hope that this Legislature will not be intimidated by it, if there *is* such a party.

With regard to myself, I have introduced several of these resolutions calling for informations upon various subjects, and I have done it because I could not get what I needed from the Reports, and because I could not go into the offices of the Departments, and hunt through their books for a series of years. It is true that there is no very pleasant state of feelings between the Governor and myself—not that I feel badly towards him, but that I have reason to believe that he feels badly towards me—but I will do him no injustice. If, on a full examination, these officers can satisfy me that all is right in their departments, I will hold up both hands, and will speak with a loud voice in approval of their conduct. But, it will not do for them to come here, when we are at work at the very investigations for which they call upon us, and accuse us of partizan conduct; and I trust that this Assembly will not be deterred from doing its duty, by any such taunts coming from all the Departments, even down to the Executive itself. I hope the reference will be made."

The motion to refer was carried *unanimously*, immediately after which the Assembly adjourned.

How much does the Governor and his administration make by such operations? Will somebody "cypher it up?"

I am inclined to think that there will be enough of investigation before they get through with it. By these various resolutions, a fair opportunity is given them to come forward and confess their iniquities, without putting the State to more expense than is necessary; but if we must have investigating committees to examine them under oath, why, be it so. Meantime, let it be understood by the people that, in every possible way, obstacles are being thrown in the way of investigation, while *openly* "Barstow and the Balance" affect a swaggering air, and court inquiry. As an instance of this delay, witness the Lunatic Asylum Contract, ordered printed three weeks since, and not yet printed, though a committee is waiting for it in order to get at its work.

CITY MATTERS.

The Rescue Trials.

The report of the proceedings of the very large and enthusiastic meeting at Young's Hall, on Friday evening, will be found in this morning's paper. A meeting of the Committee appointed under the last resolution will be held at the *Sentinel* office at 12 o'clock *this* (Monday) morning. Punctual attendance is requested.

Police Court--Feb. 10.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

No business in the forenoon and no appearance, except an occasional opening of the door; with the insertion of a head and shoulders, asking the very intelligent, double meaning, self-answered question; "there ain't no body here, is there?"

Relief of the Poor.

A meeting was held at Young's Hall, on Saturday evening, 10th instant, pursuant to public notice, to devise means for relieving the wants of the Poor of this city.

The meeting was organized by appointing Rufus King, Chairman, and H. W. Gunnison, Secretary.

After a brief discussion, it was, on motion, resolved that a Committee of seven be appointed to report a plan of operations to an adjourned meeting to be held on Tuesday evening (to-morrow) at half-past 7 o'clock.

The Committee so appointed consists of Messrs H. W. Gunnison, T. Fernow, A. Bade, J. Mitchell, A. J. Aiken, G. Shoyer and Rufus King

On motion, the meeting then adjourned until Tuesday evening.

☞ The attention of Farmers and others interested in Agriculture or Horticulture, is particularly invited to the advertisement of Mr. D. D. T. Moore, of the *Rural New Yorker*, in to-day's paper.

Badger Parties.—The "Badger" party at Treat's Hall, on Friday evening last, was a very pleasant affair, and the guests presented Scheiner, one of the musicians, $10 in token of their satisfaction with his performance. The last of these social quadrilles comes off on Friday evening next, at Concert Hall.

Golden Gate Saloon.—This well-known establishment has changed hands, Mr. J. McDonald having sold out the lease, fixtures, extensive stock and good will, to Mr. C. Lane. Mr. Lane has fitted up the Billiard Room in elegant style and intends that the reputation of the "Golden Gate," for keeping the best of everything, shall not suffer in his hands.

The Missing man Carroll.—It has been suggested to us that the Grand Jury might investigate the matter relating to the missing man Carroll. Every thing appears to indicate that the man was killed and his body secreted, and as no investigation *under oath* has been had as yet, would not it be proper for the Grand Jury to examine and if possible unravel the mystery in which the affair is now shrouded. Weeks have elapsed since Carroll was last seen alive, and when last seen he was battered and bleeding from wounds inflicted either in a fight, or in an attack upon him.

Milwaukee Female College.—The mortgage of $3,500 on this Institution has been paid off; the sum required having been contributed by our citizens. This relieves the College from an embarrassing debt, and, with a little more effort, the promised endowment of $20,000 from Eastern friends can now be secured.

Mayor's Complaint Book.—It was said by one of our citizens on Saturday, that if our Mayor would furnish a complaint book, on the City Clerks desk, in the Common Council Room, on the same plan adopted by the Mayors of several other cities, citizens would write down their complaints and give the Marshall and the Mayor an opportunity of attending to them. It is said the latter officer will re-open the Common Council Room, in a few days, the pressure of *other* business having been *overcome*. We have been asked when the next meeting of the Common Council would take place. But we are unable, to say except that we had heard it would be a week before the next charter election.

Fire.—Between 1 and 2 o'clock Saturday morning, a fire broke out in a cluster of frame buildings, on the corner of Milwaukee and Detroit Streets, Third Ward. The flames spread rapidly, destroying the Cabinet shop of John Murphy, and the Soap factory and dwelling of Thomas Hagerty. The loss of Mr. Murphy is upwards of $740 and of Mr. Hagerty $1200 or $1500. We could not learn of any insurance on the property; making the loss peculiarly severe.—The origin of the fire is unknown.

Circuit Court.—The Circuit Court, Judge Hubbell presiding, commences its February Term this morning.

Squeezed Between Two Cars.—A man in the employ of the Mil. and Miss. R. R. Company, while coupling two loaded cars at Waukesha, on Saturday, was badly squeezed between them. His name is William Buchanan. He was employed in the Car Shop, but had gone out to assist at Waukesha.

☞ It is very natural that the Milwaukee News and Wisconsin should seek to create jealousies in the Republican party by intimating a want of fidelity on the part of the Sentinel and its friends towards Mr. Durkee, the caucus nominee of the Republican party for Senator. But so far as the facts are concerned, it is within our personal knowledge, that the intimation is without the slightest foundation. Mr. Durkee had no warmer or more zealous friends after his nomination, than was the Sentinel and its friends, and to them is he very largely indebeted for success.—[Kenosha Telegraph.

☞ The speech of Byron Paine, Esq., of Milwaukee, in the case of S. M. Booth, is published, at length, in of the Milwaukee papers. It is one of the most cogent and eloquent efforts we have read for years and stamps its author as a man of the best traits and a lawyer of the most profound abilities.—[Buffalo Express.

Senator Seward Re-elected.—The telegraph brings the gratifying news of the re-election of Mr. Seward to the U. S. Senate. This is not only a glorious triumph over his enemies in his own state, but affords ample cause for re-joicing to his friends in every section of the Union.—The most strenuous efforts were made for his defeat by the silver *grey* faction in New York, aided by a portion of the know-nothing organization. He will go back to his seat strengthened by the ordeal through which he has successfully passed, and carrying with him the heartiest congratulations of the friends of the freedom every where.—[Janesville Gazette.

The Mails.—An idea may be formed of mail facilities just now, from the fact that the Springfield and St. Louis mail, has accumulated here, till it amounts to *over one hundred tons* Some *thousands* of mail bags are stored in different place, awaiting the clearing of the track.—[Chicago Journal, Feb. 8th.

Booth Discharged.—Just as we go to press we received by telegraph the gratifying intelligence that the Supreme Court of Wisconsin, which issued a writ of habeas corpus taking Booth and Rycraft from jail to which the United States had committed them for assisting in the escape of Glover, have discharged B. and R. on the ground, that the indictment under which they were convicted was illegal.—[Cleveland Herald.

Emigration.—The number of foreign emigrants reported as having arrived at New York during the past month is 7962; which compared with the arrivals in January last year, 15,510, shows a falling off of 7,532—very nearly one half.

☞ Another train of wheat has arrived to-day from Concord, N. H., for a supply at our market. They will take some 5000 bushels of wheat. The time consumed in the trip round is about 15 days, which is not much faster than the same could be performed on the canal in summer.—[Buffalo Republic, Feb. 5th.

THE PEOPLE IN COUNCIL.

Great Meeting at Young's Hall.

Pursuant to a call published in the *Sentinel* and *Free Democrat*, a very large and enthusiastic meeting was held at Young's Hall, on Friday evening, Feb. 9th, on the subject of the recent Rescue Trials in this city and to devise ways and means for defraying the expenses incurred and to be incurred in their prosecution.

The meeting was called to order at half-past 7 o'clock by Rufus King, on whose motion, WILLIAM A. PRENTISS, Esq., was invited to take the Chair.

On motion of Mr. Baker, F. W. De Berard, of Racine, and A. H. Bielfeld, of Milwaukee, were appointed Secretaries.

The Chair having read the call of the meeting, on motion, a Committee, consisting of Messrs. Rufus King and Osmond Bailey, of Milwaukee, Geo. S. Wright and Dr. T. Secor, of Racine, and David Taylor, of Sheboygan, was appointed to report resolutions for the consideration of the meeting.

During the absence of the Committee, Judge R. W. Smith addressed the meeting forcibly and effectively.

At the close of his remarks the Committee through their Chairman, Mr. King, submitted the following resolutions:

Resolved, That we have heard with unmingled satisfaction, of the discharge, in due course of law, of our fellow citizens, S. M. Booth and Jno. Rycraft, from the fine and imprisonment to which they had been sentenced for alleged violation of the Fugitive Slave Act: that we regard this decision of our Supreme Court as a noble vindication of the great Writ of *Habeas Corpus* and the precious right of Trial by Jury; and that we thank them heartily for thus promptly interposing to protect two of our fellow citizens from the pains and penalties of an illegal conviction under an unjust, inhuman and unconstitutional act.

Resolved, That while we are not insensible to the magnitude of the issue thus raised, or the momentous conveyances with which its discussion and decision may be fraught; we should be unmindful of the great principles upon which our Republic is founded; forgetful of the immortal truth proclaimed at Philadelphia, on the 4th, of July, 1776; unworthy of the proud heritage bequeathed to us by our forefathers, and of the glorious State in which our lot is cast—dedicated from its birth to Freedom—and unfaithful, above all, to the cause of Equal Rights and Human Liberty, if we shrank from the issue now made, or hesitated to meet all its responsibilities, in the full confidence that GOD WILL PROSPER THE RIGHT.

Resolved. That inasmuch as all who countenanced, or sympathized in the escape of the alleged Fugitive Slave Glover from his brutal captors, were accessories in thought, if not in deed, to the constructive crime which made him free, and therefore equally guilty, in the spirit and letter of the Fugitive Slave Act, with those who have been singled out by the Federal Officers for prosecution and punishment, we hold it to be the duty and the proud privilege of every man, who in any way aided or applauded that escape, to bear his share of the pecuniary burdens cast upon Messrs. Booth and Rycraft, and to contribute his mite towards a common fund for their discharge.

Resolved, That the thanks of this meeting and of the People of Wisconsin, are richly due to Messrs. J. H. Paine, Byron Paine and G. W. Lakin, the counsel of Messrs. Booth and Rycraft, for the industry, ability and perseverance with which they conducted their respective cases to a triumphant result; and that believing the laborer to be worthy of his hire, and regarding these gentlemen as retained *for* the People, and to be *paid by* the People, we hold that they should be liberally compensated for their services and expenses out of the Fund proposed to be raised.

Resolved, That a Committee of seven be appointed by this meeting, whose duty it shall be to draw up and make public without delay, a statement of the amount now required to liquidate the debts already incurred, and meet the expenses likely to accrue, in the progress of the Rescue Trials, and to call upon the lovers of Justice and Liberty, here and elsewhere, for material aid, in limited sums, to make up the aggregate needed.

Pending the question on these resolutions,

Mr. C. K. Watkins, in reply to a loud call from the meeting, spoke at some length upon the importance of the question of Slavery or Liberty, that it was not local in its sphere, the agitation upon this subject was to be felt everywhere, they told us it was sectional in its nature, and that if agitation was kept up it would dissolve the Union. This the speaker emphatically denied; freedom knew no dividing line, there might be a dividing line drawn from the East to the West, but that line was to be seen only on the map. We could not divide the memory of the Patriots of our Revolution, who had fought for our freedom; the question might distract or divide parties and caucuses but nothing further; when the whole nation rose up in mass upon such a question as this, the people would become more liberal and require less government. Mr. Watkins was loudly applauded.

Mr. Byron Paine next addressed the meeting; stating, that it might be inferred that the last speaker and himself had personal feelings in the matter, both of them being under indictment from the grand jury, for a crime which the petit jury, who tried the indictment, had declared to be a "*noble, humane and benevolent act.*"

Mr. Paine proceeded to review the Fugitive Slave act, stating that at the time it was passed, or just before it, the *Sentinel* had expressed the opinion that it ought to be openly resisted with force and arms, and that even the *Wisconsin*, if the speaker remembered rightly which had never been very famous for expressing a *positive* opinion upon any subject, had ventured, at that time, to express something approximating towards a positive opinion to the same effect. Mr. Paine, in an able manner, reviewed the trials and the manner in which the juries had been packed, the manner in which Judge Miller had set up a rule of his own making, to overide the U. States Statute, which declared that the juries in the U. States Courts should be drawn in the same manner as those for the State Courts, so as to guard the citizen from all danger of packed juries.

Mr. Paine briefly alluded to the manner in which the writ of *Habeas Corpus* had been granted, and then enquired of the meeting what was to be done in case the Federal Officers were to attempt the re-arrest the defendants, without a reversal of the discharge of the Supreme Court. The discharge from our Supreme Court was a valid and binding discharge; the defendants were free, and must remain free, under that discharge, until that had been reviewed by the Supreme Court at Washington, and in case they declared the discharge void, then what was to be done? Some had said they would resort to violence; he counselled no violence, but to immediately apply to the Supreme Court at Madison for another writ of *Habeas Corpus*, and if the U. S. Marshal refused to obey that, then obtain a writ of attachment, and let the sheriff call upon the power of his County, if needed, and if such call was made there would be strong arms enough found to serve it and sustain the Sheriff. [Great cheering followed the remarks of Mr. Paine. Loud calls for Tweedy.]

Mr. Tweedy came forward, the hall echoing to the repeated cheers and applause that greeted him. He proceeded to state that he was rejoiced beyond degree that Providence had opened up a way, for these men (Booth and Rycraft) to be set free without a resort to force. He was there independent of all political parties; it was that because a great and vital principle was involved in the battle between Slavery and Liberty; that he was unwilling, when repeatedly called upon, to refrain from speaking, although he had understood that there were others in the meeting from abroad, and he had hoped to hear them. Mr. Tweedy gave a scathing review of the manner in which the Fugitive Slave Act, became the law of the land, the manner in which its passage had been obtained, members voting for it who had never seen it, much less read it and compared it to "a snap judgment in a country justice's court." He proceeded at length to discuss the manner in which Judge Miller had refused to allow the counsel to argue the *law* to the jury, or to let the jury be judges of the law and the facts.—He pronounced a glowing eulogy upon Alexander Hamilton, whose wisdom had penetrated through the gloom, far ahead of his associates, and predicted the very scenes now witnessed, resulting from judges, dependent upon the appointing power, curtailing the rights of the jurors and citizens. He urged upon every juror to claim and manfully stand up for those rights in criminal cases, to judge both law and fact, and for counsel to contend for it and never to give it up until removed from the bar by physical force. Mr. Tweedy was frequently interrupted by long and protracted cheering.

Mr. S. M. Booth was next loudly called for and as he ascended the stand, greeted with cheering and applause. He spoke at some length and with much eloquence and ability, of the all-grasping, all-pervading spirit of Slavery, the infernal machinery of the Fugitive Slave Act, and the urgent necessity for a union of all Freemen to resist the further encroachments of the Slave Power. He bore down too, with severity, upon the Federal Officers in this State who had exhibited so much zeal in these prosecutions, and closed by warmly thanking his fellow-citizens, here and elsewhere, for the aid and sympathy which they had extended to him and his fellow convict, John Rycraft, in [illegible].

The question on the resolution was then put and they were adopted *unanimously*.

The Chair announced the following as the Committee of seven:—Rufus King, John H. Tweedy, Edward D. Holton, E. Wheeler and Edwin Palmer, of Milwaukee; F. W. DeBerard, of Racine, and David Taylor, of Sheboygan.

On motion, the meeting at half past 10 o'clock, adjourned.

WILLIAM A. PRENTISS, Chairman.

F. W. DeBerard }
A. H. Bielfeld } Secretaries.

Mr. Editor:—Did the Supreme Court of Wisconsin remit the fines imposed by Judge Miller, in the case of Booth and Rycraft on the writs of Habeas Corpus? If not, why did'nt it? The Supreme Court of Georgia would have done it quicker than lightning. ENQUIRER.
—[Kenosha Democrat.

It is understood, we believe, by the parties interested, that the discharge of Messrs. Booth and Rycraft by our Supreme Court is from the fine as well as the imprisonment to which they were sentenced by the U. S. Court.

Matters at Madison.

[illegible] of our Associate in this morning's paper detailing the Legislative proceedings of Thursday and Friday, deserve and will repay [illegible]. It would seem that "Investigation" be[illegible] high quarters, and that [illegible] have seemed to lecture the Assembly for passing so many resolutions of inquiry. [illegible] the Governor has lost his temper [illegible] the mark in this unusual and unwarrantable proceeding, and that the people will [illegible] respond to the just rebuke administered to his [illegible] Excellency by Mr. M[illegible] of Waukesha.

☞ It is reported, by telegraph from Washington, that A. Dudley Mann has resigned his [illegible] Assistant Secretary of State, to take [illegible] before the 1st of March. It is [illegible] that his resignation grows out of the [illegible] Ostend Conference, and the change [illegible] of the Administration as regards Cuba.

The Governor and Prof. Daniels.

[illegible] Governor Barstow has seen fit, in order [illegible] himself for his partisan action in illegally [illegible] Prof. Daniels from the office of [illegible] to attack the reputation of that [illegible] him with incompetency for [illegible] that the people should know [illegible] reputation of Mr. Daniels among [illegible] who may be supposed able to judge of it. [illegible] In this view, we give below, from the [illegible] select committee, three testimonials [illegible] to settle the point of competency.

The venerable President Hitchcock, one of the [illegible] the age, writes to Prof. Daniels [illegible]

"I have received your first annual report on the [illegible] Wisconsin, and have read it with much [illegible] but justice to say that the in ability [illegible] written, *it compares favorably with* [illegible] *annual reports which I have seen from* [illegible] States [illegible] in the development of mineral [illegible] it as far their superior.—*President Hitchcock.*

Prof. W. B. Rogers, State Geologist of Virginia [illegible]

[illegible] who has marked the ability with [illegible] have prosecuted the Survey, *and has* [illegible] *report, can doubt your qualification for the work.*"

Prof. H. D. Rogers, State Geologist of Pennsylvania, says:

[illegible] with a number of the best Geologists [illegible] *who have heard clear verbal* [illegible] *of the Geology of your State, and who* [illegible] *excellent preliminary Geological* [illegible] congratulating myself that Wisconsin [illegible] mineralogically so interesting [illegible] to have you as its expositor and [illegible] of its internal structure and [illegible] state not to say that should so [illegible] be allowed to go unredressed by [illegible] the people of Wisconsin, *the* [illegible] *in the eyes of all right* [illegible]"

[illegible] Excellency would easily find a lower [illegible] estimation of the people of this State [illegible] location, his conduct in this case [illegible] aggravated as his course in [illegible] to veto any bill which the Legislature shall pass to give the aggrieved officer [illegible]

[illegible] from Illinois.—We announce [illegible] paper the election of Judge Lyman Trumbull (Anti-Nebraska) as U. S. Senator [illegible] Illinois, in place of Gen. Shields. It [illegible] ballots to effect a choice, and then [illegible] Trumbull received one more than the number necessary to elect. The prominent candidates were Mr. Lincoln and Judge Trumbull, on the Whig and Republican side, Gen. Shields and Gov. Matteson, on the Democratic. We give several of the ballots:

	1st	3d	6th	8th	10th
Trumbull	5	11	9	35	51
Shields	41	44	1	0	0
Lincoln	45	38	37	15	0
Matteson	1	2	44	47	47
Scattering	1	6	7	1	1

Maine Liquor Law.—The Legislature of Illinois and Michigan have both passed the Maine Liquor Law. Indiana, it is reported, will do the same. In Ohio a similar law is in force, except[illegible] from its provisions. Beer and Native Wine [illegible] culture of the Grape and Manufacture of Wine having become important branch[illegible] industry. The Cincinnati, Cleveland [illegible] papers speak very favorably of the [illegible] of their law.

[illegible] Bank.—Comptroller Dennis [illegible] the stocks deposited with him as [illegible] circulating notes of the Germania [illegible] will be sold and the proceeds applied [illegible] redemption of said notes. It is [illegible] the stocks will realize very nearly [illegible] 100 cents on the dollar, on all the outstanding circulation of the Bank.

[illegible]—On Monday last, a bill passed [illegible] Representatives, which authorizes [illegible] Oregon Territory to assemble in [illegible] a Constitution and State [illegible]. When the Constitution shall have [illegible] it will be submitted to Congress, [illegible] requirements of the Federal Constitution [illegible] republican in its character then [illegible] will be admitted into the Union [illegible] footing with the original States, and [illegible] the State of Oregon. The [illegible] *Intelligencer* gives the following synopsis of the provisions of the bill:

"[illegible] Courts are to be established, and [illegible] census and apportionment the new [illegible] entitled to one Representative in [illegible] Congress of the United States. Sections 16 [illegible] 36 in every township of the public lands in [illegible] to be granted for the use of schools, [illegible] sections are to be given for the use and [illegible] of a university; and ten entire sections are to be appropriated for completing the public buildings of said State, or for the erection [illegible] Five per cent. of the nett proceeds of the [illegible] of the public lands lying within the [illegible] paid to the State for the purpose of making public roads and canals in the same, [illegible] Legislature thereof shall direct, upon condition that there be no interference with the primary disposal of the soil with the same, and that no tax is to be laid upon the lands of the United States and no higher tax upon non-resident proprietors than upon residents."

Epidemic in Genesee, Waukesha Co.—We [illegible] by a gentleman from Genesee, Waukesha county, that the inhabitants of that [illegible] suffering from an epidemic, in the [illegible] typhoid fever; and that in a number of [illegible] has proved fatal, carrying off three [illegible] a family. This is bad news from [illegible] generally a remarkably healty locality.

High Prices for Fuel in Chicago.—The [illegible] *Democrat* of Friday complains bitterly of the high prices demanded for Wood and Coal in that city and of the consequent increased expense of living there. It quotes Hickory Wood at [illegible] per cord, Maple and Beech at $9,00 and Oak at 7,00—Coal from $7,00 to $10,00 per ton. In Milwaukee, we are more fortunate. Good hard wood is offered abundantly in our streets at $3,00a$3.50 per cord for the best Hickory, Maple and Beech. Coal, however, rules as high as in Chicago.

[illegible] Shot Himself.—We heard on Saturday that a body of the young man, named William Marsh, has been found shot through the head a short distance from Geneva, Walworth County. The ball had passed through his head and [illegible] the scalp and skull. He had a [illegible] partridge with him, and every thing [illegible] he had shot himself accidentally.

By Mr. Thompson, for the sale of Capitol lands.

By Mr. Ribble, concerning bridges in Dodge County.

By Mr. McIndoe, amending charter of Wausau and South Line Plank Road Co.

By Mr. Randall, giving effect to Sec. 2 of Art. 9 of the Constitution, relating to Finance.

These last are all reformatory bills, which will meet with much favor.

Reports of Committees:

Among these, Mr. Randall reported favorably on the bill to give effect to the County Court law of last year.

Mr. Bennet reported favorably on claims amounting to $2,517.

Mr. Goodrich reported against refusing the appropriation to the State Agricultural Society.

And then, in the shape of a Message from the Governor, came a most remarkable document, in answer to a resolution asking for his reasons for removing Prof. Daniels, State Geologist. I have not time to copy it, but this is the gist of the thing:

Gov. Barstow loquitur.—"You impudent numsculls! You have no business to ask me for my reasons. I might tell you it is none of your business, and let that suffice; but I take pleasure in putting upon record my abuse of Prof. Daniels, and therefore I tell you that in my wisdom I thought him incompetent. And, further, I tell you, that if you pass a bill re-instating him, or to pay his salary, I WILL VETO IT FORTHWITH!"

What do you think of that now, ye innocent democrats, who supposed, when you voted for this man, that he, too, was a democrat! Why, here is a very Czar in miniature! The thing is unprecedented, I believe, in the history of this state. The words used by the Governor, as near as I can remember them, are:

"If the Legislature shall pass such a bill, I shall regard it as a piece of partizan legislation, and withhold the Executive signature."

That will be a good time come when the people shall have cleaned out this Augean stable; that is so.

Mr. Barus moved that this Message be printed together with the Report of the select committee.

Mr. Randall hoped that it *would* be printed; that this threat of His Excellency might be underscored, so that the people might see its object and intent. The motion was carried.

After the passage of a large number of bills, Mr. Parker had leave to make a report from a select committee, and reported the General Railroad Law of last winter, with some few remarks to the end that all legislation upon original charters and amendments to old ones should be postponed until this general law should be disposed of.

This looks very much like locking the door after the horse is stolen. Certainly, the passage of a general law is called for by the Constitution, and was called for several years ago; but since the Legislature has seen fit to set a host of special charters in motion, it is in honor bound, to furnish their owners with all such legislation as will make them efficient. The palpable direction of the Report at the bill amending the Mil. and Miss. R. R. charter, took somewhat from its general force. However, it is probable that an amicable arrangement will be made between the Company and the Contractors, on whose behalf Mr. Parker is understood to oppose the bill, so that there will be no difficulty in that direction. The bill will pass the House by a two-third vote at least, I think, and substantially as it came from the Senate.

In committee of the whole, the bill in relation to the State Geologist coming up, there was a disposition shown to press it along, but as Mr. Ebbetts expressed a desire to make a minority report from the Judiciary Committee upon the subject, it was laid on the table by general consent.

Just before the adjournment, Mr. Van Nostrand, from the joint select committee on the missing resolution, made his report. It exonerates the Clerk of the House entirely, but goes on to say, that the halls of legislation have been pestered for some years, with men who have committed burglary in breaking open doors and desks, larceny in stealing bills, &c., and forgery in altering documents; that charges of the kind were made against some who were candidates for election; that some were defeated, and others not; that the clerks ought to procure such locks as will not be easily opened, &c.

Mr. Ebbetts thought the charges very severe, and too general, and such as ought to be investigated. He moved that the subject be referred back to the committee so that they might name the guilty parties.

Mr. Van Nostrand said that the committee did not desire to be more specific. Enough had been said to warn the guilty ones.

Mr. Goss asked if they were members of this House.

Mr. Van Nostrand. They are not.

The motion to refer back was so amended as to authorize the committee to send for persons and papers, and then carried.

Whether or not this committee will be able to detect the rogues, there is a bill now before the Legislature which provides severe penalties against such shameful outrages. I can recollect, during the five sessions which I have spent here at Madison, at least a dozen cases where bills or resolutions have been stolen or altered, and the Legislature made to appear as doing just contrary to its intention, or its action rendered entirely null and void. It is high time that a stop was put to this.

I see that our mutual friend Cramer of the *Wisconsin* is fussing away at that old mare's nest about the Governor's Message. Just tell him, for me, that he is a humbug, and ask him if he has yet ascertained when Gen. Scott is expected in Milwaukee.

W. H. W.

P. S.—I am informed from a source which is entitled to credit, that the $3,000 appropriation *has* been drawn by the State Agricultural Society, and that since the passage of the second resolution by the Legislature, though a draft for it was accepted while the first resolution was pending and missing.

Madison, Feb. 9, 1855.

The enterprise of the Daguerrian artist, Mr. Johnson, of taking the portraits of the members, has taken a new and good direction, the State Historical Society having invited the members to furnish the portraits for its rooms. This will be an excellent method of preserving them—each Legislature by itself,—for a long time to come; and although members may not be vain enough to think that their pictures will be particularly ornamental, yet the idea of preserving together the facial elements of those who have served the state, is a good one.

Prof. J. B. Woodbury, the composer, is here, having written in advance of his coming, to have preparations made for a Musical Convention.—By some misunderstanding, no preparations were made to receive him—but a series of interesting meetings are being held. As I know nothing of the science, scarcely being able to distinguish "Yankee Doodle" when performed by the most brilliant stars, I wont philosophize upon the subject.

There is an item of "investigation" which is likely to be troublesome. A short session is desirable, and yet, during such a session, but a brief time can be devoted to looking into the condition of the various bureaus requiring investigation. Still, so far as most of them are concerned, such information will be obtained during the session as is necessary, and laid before the public. But the thorough examination of the condition of the General and School Funds is something which cannot be accomplished in brief space, and it is quite probable that a commission will be created to sit during the recess, in order to conduct the examination asked by the state officers. This will be a more economical method of reaching the object than by prolonging the session for the purpose. So many errors have been already discovered in the Reports, that there is a general lack of confidence in their correctness. Thus there is an error of some $9000 in the statement of money disbursed for members of the Legislature last year, and one of $10,000, unless I am misinformed, as to the amount paid for the State Prison. Then there is an error of some 120,000 acres in the footings of the Commissioners of School Lands. I have already noticed a material error in the Secretary of States estimates. Doubtless some of these may prove to be merely clerical errors, but if the books balance upon such footings, there is something wrong about the accounts.

There was nothing of interest in Senate this morning, beyond the passage of three or four bills.

In Assembly, a resolution passed, offered by Mr. Wakely, calling upon the Commissioners of School Lands for information in relation to the fees charged by them upon the sale of lands, and upon loans. It is strange that this has not been thought of before. The amount of fees on each 40 acre tract is said to be $1,50 or thereabouts, and the whole of it illegal and unauthorized.

Bills introduced:

By Mr. Topliff, relative to County government.

When the Committees were called, Mr. McIndoe, from the Railroad Committee, reported back the bill amending the charter of the Mil. and Miss. R. R. Co., stating that the Committee was equally divided upon its merits, (himself and Mr. Judson of Kenosha upon one side, and Messrs. Earnest and Williston on the other—Mr. Martin being absent,) and recommending that it be made the special order for Monday. On the suggestion of Mr. Earnest, the day was fixed for Thursday next. An arrangement has been made with the contractors on the Southern Wisconsin R. R. Co., so that there is no further opposition from that source.

The Committee on claims reported unfavorably on sundry bills for gold pens for clerks in the Departments, purchased during the year. Among the bills which this Committe reported back was one of $82 for our Sheriff Conover, for bringing up Messrs. Booth and Rycraft on the writ of Habeas Corpus.

A bill providing that after the 1st of May next, millers shall be entitled to one-tenth toll, provided they shall not give peference to their own grists, was summarily beheaded this morning, not even a dead head being left.

In Committee of the whole, Mr. O'Neil in the chair, the general file was diminished by some 30 bills and memorials, and they were variously referred or ordered to a 3d reading.

The rules were so amended, as that the Assembly shall hereafter meet at 9 A. M. which will expediate business materially, and leave the afternoon for Committees.

Just before adjourning, a Message from "His Excellency" was called up and read, but for which we should have had a dull day. It was partly in answer to a resolution asking how much land has been received from the U. S. appraisal, and sold, under arrangement with the U. S. government relative to the Rock River Canal Grant, &c.

The Governor first answers that *none* has been received, appraised or sold, under that arrangement. Next, he "snubs" the Assembly for passing resolutions under missapprehension of facts, and on ideas "gathered from unreliable sources." Next, he goes into a history of the Canal Grant Lands &c., by which it appears that *all*, or nearly all, of the 138,000 acres *have* been obtained, appraised and sold, while Uncle Sam withholds $2,50 per acre as their value, out of the 5 per cent fund; and he thinks that with the aid of extra counsel—it being no part of the Attorney General's business to attend to these things—there is some prospect of getting the 5 per cent.

Then, fired with indignation, he pitches into the Assembly with all the fury of an untamed *sirage*, because of its unseemly conduct in passing these resolutions of inquiry. He says that there seems to be a *mania* for these resolutions—that all of the information wanted is obtainable from the Reports—that those inquiries are the result of personal feelings and partisan malice, and highly improper—that the only proper way is to appoint efficient committees, and set them at work—and he scores the Assembly for its reluctance to proceed in that manner, concluding with repeating that part of his Annual Message calling for investigation.

This highly decorous and dignified document was listened to with both surprise and contempt.

Mr. Adams moved that it be laid under the table; but Mr. Gary moved that it be referred to a select committee, with instructions to examine and report upon the matters therein contained.

Mr. Randall moved to amend the instructions so as to report upon the assumptions of the Governor in relation to the acts of the Assembly.—The amendment was accepted by the mover, and Mr. Randall proceeded to remark in substance as follows:

The character of this Message and the one sent in yesterday, intended to intimidate the Assembly by threatening a veto of a bill supposed to be favored by this body, deserves serious attention and reflection. I regard the attitude assumed by the Executive as undignified in the extreme, and as one unheard of heretofore in the history of this, or any other State. (Mr. McIndoe here interrupted with the suggestion that the subject was eliciting debate, but general consent was given, and Mr. R. proceeded.) Such a course as that assumed and pursued by the Executive was one which ought never to be seen or heard of.—The two Departments of the State were independent in their functions. The Legislature is to pass laws, and the Executive, when they come before him, to consider whether they are unconstitutional, or have been hastily enacted. He has no business to judge beforehand of the probable character of bills, concerning which he can know nothing until they come before him. This method of attempting by intimidation, to dictate to the Assembly what bills it shall or shall not pass is as peculiar as it is surprising, and I wish to see the member who is disposed to bow down into the dust, and lick the feet of His Excellency. I wish to see the independence of the Legislative Department vindicated. Now, as to the remarks of the Governor in reference to the resolutions passed by the Assembly, and the charge that they were adopted for particular purposes. The Reports of the State Officers had called for investigation—the Governor had called for investigation—the press and the people had called for investigation;—they asked for light, and to obtain light upon these subjects, we must ask and obtain information. We ask it of the proper persons, the officers who are supposed to be able to impart it to us. And then, when we do ask for information, the Governor comes in here and charges us with asking it with "personal feelings and from partizan malice." What can be the object of these officers in thus setting themselves up against any investigation into their conduct!

As to referring to the Reports for the information needed, I defy any one to obtain from them the truth in relation to a single matter contained in them. And why? Because they are full of intentional or unintentional errors. The Governor tells us to get our information from the Reports! We cannot obtain what we wish, since we find that no confidence can be placed in their statements. (Mr. Randall here mentioned several of the blunders, or worse, including those named in the former part of this letter.) And yet, he proceeded, the books balance, with all these monstrous errors! And His Excellency tells us to go to the Reports for true information! Either there are gross blunders or gross falsehoods in these documents. If the books do balance, then there must be some $12,000 or more unaccounted for, gone nobody knows where or if the books do *not* balance, and the Reports are wrong, then what can we rely upon? And how can we get information except by calling upon the proper officers, when circumstances demand it, and as these errors are discovered? What of impropriety—what of partizan malice—is there in this course? If this is partizan conduct, then all are guilty of it, for these resolutions have come alike from Republicans, and Democrats and Hunkers, and Shanghais. All *have* called for information upon these various subjects, and are anxious to obtain it, or ought to be. If this is so, to what party does the Governor charge the malice of the proceeding? What two parties are indicated by him as existing here? Are there two such parties as an investigating and an *anti*-investigating party—and does he refer to these? Is it true that we have two parties, one open-handed, defying concealment, and inviting investigation, and the other just the contrary? I hope that there is no party here which seeks concealment; and I hope that this Legislature will not be intimidated by it, if there is such a party.

With regard to myself, I have introduced several of these resolutions calling for informations upon various subjects, and I have done it because I could not get what I needed from the Reports, and because I could not go into the offices of the Departments, and hunt through their books for a series of years. It is true that there is no very pleasant state of feelings between the Governor and myself—not that I feel badly towards him, but that I have reason to believe that he feels badly towards me—but I will do him no injustice If, on a full examination, these officers can satisfy me that all is right in their departments, I will hold up both hands, and will speak with a loud voice in approval of their conduct. But it will not do for them to come here, when we are at work at the very investigations for which they call upon us, and accuse us of partizan conduct; and I trust that this Assembly will not be deterred from doing its duty, by any such taunts coming from all the Departments, even *lown* to the Executive itself. I hope the reference will be made."

The motion to refer was carried *unanimously*, immediately after which the Assembly adjourned.

How much does the Governor and his administration make by such operations? Will somebody "cypher it up?"

I am inclined to think that there will be enough of investigation before they get through with it. By these various resolutions, a fair opportunity is given them to come forward and confess their iniquities, without putting the State to more expense than is necessary; but if we must have investigating committees to examine them under oath, why, be it so. Meantime, let it be understood by the people that, in every possible way, obstacles are being thrown in the way of investigation, while *openly* "Barstow and the Balance" affect a swaggering air, and court inquiry. As an instance of this delay, witness the Lunatic Asylum Contract, ordered printed three weeks since, and not yet printed, though a committee is waiting for it in order to get at its work.

CITY MATTERS.

The Rescue Trials.

The report of the proceedings of the very large and enthusiastic meeting at Young's Hall, on Friday evening, will be found in this morning's paper. A meeting of the Committee appointed under the last resolution will be held at the *Sentinel* office at 12 o'clock *this* (Monday) morning. Punctual attendance is requested.

Police Court--Feb. 10.

BEFORE CLINTON WALWORTH ESQ: POLICE JUSTICE

No business, in the forenoon and no appearance, except an occasional opening of the door; with the insertion of a head and shoulders, asking the very intelligent, double meaning, self-answered question; "there ain't no body here, is there?"

Relief of the Poor.

A meeting was held at Young's Hall, on Saturday evening, 10th instant, pursuant to public notice, to devise means for relieving the wants of the Poor of this city.

The meeting was organized by appointing Rufus King, Chairman, and H. W. Gunnison, Secretary.

After a brief discussion, it was, on motion, resolved that a Committee of seven be appointed to report a plan of operations to an adjourned meeting to be held on Tuesday evening (to-morrow) at half-past 7 o'clock.

The Committee so appointed consists of Messrs H. W. Gunnison, T. Franow, A. Bade, J. Mitchell, A. J. Aiken, G. Shoyer and Rufus King

On motion, the meeting then adjourned until Tuesday evening.

☞ The attention of Farmers and others interested in Agriculture or Horticulture, is particularly invited to the advertisement of Mr. D. D. T. Moore, of the *Rural New Yorker*, in to-day's paper.

Badger Parties.—The "Badger" party at Treat's Hall, on Friday evening last, was a very pleasant affair, and the guests presented Scheiner, one of the musicians, $10 in token of their satisfaction with his performance. The last of these social quadrilles comes off on Friday evening next, at Concert Hall.

Golden Gate Saloon.—This well-known establishment has changed hands, Mr. J. McDonald having sold out the lease, fixtures, extensive stock and good will, to Mr. C. Lane. Mr. Lane has fitted up the Billiard Room in elegant style and intends that the reputation of the "Golden Gate," for keeping the best of every-thing, shall not suffer in his hands.

The Missing man Carroll.—It has been suggested to us that the Grand Jury might investigate the matter relating to the missing man Carroll. Every thing appears to indicate that the man was killed and his body secreted, and as no investigation *under oath* has been had as yet, would not it be proper for the Grand Jury to examine and if possible unravel the mystery in which the affair is now shrouded. Weeks have elapsed since Carroll was last seen alive, and when last seen he was battered and bleeding from wounds inflicted either in a fight, or in an attack upon him.

Milwaukee Female College.—The mortgage of $3,500 on this Institution has been paid off; the sum required having been contributed by our citizens. This relieves the College from an embarrassing debt, and, with a little more effort, the promised endowment of $20,000 from Eastern friends can now be secured.

Mayor's Complaint Book.—It was said by one of our citizens on Saturday, that if our Mayor would furnish a complaint book, on the City Clerks desk, in the Common Council Room, on the same plan adopted by the Mayors of several other cities, citizens would write down their complaints and give the Marshall and the Mayor an opportunity of attending to them. It is said the latter officer will re-open the Common Council Room, in a few days, the pressure of *other* business having been *overcome*. We have been asked when the next meeting of the Common Council would take place. But we are unable, to say except that we had heard it would be a week before the next charter election.

Fire.—Between 1 and 2 o'clock Saturday morning, a fire broke out in a cluster of frame buildings, on the corner of Milwaukee and Detroit Streets, Third Ward. The flames spread rapidly, destroying the Cabinet shop of John Murphy, and the Soap factory and dwelling of Thomas Hagerty. The loss of Mr. Murphy is upwards of $740 and of Mr. Hagerty $1200 or $1500. We could not learn of any insurance on the property; making the loss peculiarly severe.—The origin of the fire is unknown.

Circuit Court.—The Circuit Court, Judge Hubbell presiding, commences its February Term this morning.

Squeezed Between Two Cars.—A man in the employ of the Mil. and Miss. R. R. Company, while coupling two loaded cars at Waukesha, on Saturday, was badly squeezed between them. His name is William Buchanan. He was employed in the Car Shop, but had gone out to assist at Waukesha.

☞ It is very natural that the Milwaukee News and Wisconsin should seek to create jealousies in the Republican party by intimating a want of fidelity on the part of the Sentinel and its friends towards Mr. Durkee, the caucus nominee of the Republican party for Senator. But so far as the facts are concerned, it is within our personal knowledge, that the intimation is without the slightest foundation. Mr. Durkee had no warmer or more zealous friends after his nomination, than was the Sentinel and its friends, and, to them is he very largely indebeted for success.—[Kenosha Telegraph.

☞ The speech of Byron Paine, Esq., of Milwaukee, in the case of S. M. Booth, is published, at length, in of the Milwaukee papers. It is one of the most cogent and eloquent efforts we have read for years and stamps its author as a man of the best traits and a lawyer of the most profound abillities.—[Buffalo Express.

Senator Seward Re-elected.—The telegraph brings the gratifying news of the re-election of Mr. Seward to the U. S. Senate. This is not only a glorious triumph over his enemies in his own state, but affords ample cause for re-joicing to his friends in every section of the Union.—The most strenuous efforts were made for his defeat by the silver grey faction in New York, aided by a portion of the know-nothing organization. He will go back to his seat strengthened by the ordeal through which he has successfully passed, and carrying whith him the heartiest congratulations of the friends of the freedom every where.—[Janesville Gazette.

The Mails.—An idea may be formed of mail facilities just now, from the fact that the Springfield and St. Louis mail, has accumulated here, till it amounts to *over one hundred tons* Some *thousands* of mail bags are stored in different place, awaiting the clearing of the track.—[Chicago Journal, Feb. 8th.

Booth Discharged.—Just as we go to press we received by telegraph the gratifying inteligence that the Supreme Court of Wisconsin, which issued a writ of habeas corpus taking Booth and Rycraft from jail to which the United States had committed them for assisting in the escape of Glover, have decharged B. and R. on the ground, that the indictment under which they were convicted was illegal.—[Cleveland Herald.

Emigration.—The number of foreign emigrants reported as having arrived at New York during the past month is 7962; which compared with the arrivals in January last year, 15,510, shows a falloff of 7,532—very nearly one half.

☞ Another train of wheat cars arrived to-day from Concord, N. H., for a supply at our market. They will take some 5000 bushels of wheat. the time consumed in the trip round is about 15 days, which is not much faster than the same could be performed on the canal in summer.—[Buffalo Republic, Feb. 5th.

THE PEOPLE IN COUNCIL.

Great Meeting at Young's Hall.

Pursuant to a call published in the *Sentinel* and *Free Democrat*, a very large and enthusiastic meeting was held at Young's Hall, on Friday evening, Feb. 9th, on the subject of the recent Rescue Trials in this city and to devise ways and means for defraying the expenses incurred and to be incurred in their prosecution.

The meeting was called to order at half-past 7 o'clock by Rufus King, on whose motion, WILLIAM A. PRENTISS, Esq., was invited to take the Chair.

On motion of Mr. Baker, F. W. De Berard, of Racine, and A. H. Bielfeld, of Milwaukee, were appointed Secretaries.

The Chair having read the call of the meeting, on motion, a Committee, consisting of Messrs. Rufus King and Osmond Bailey, of Milwaukee, Geo. S. Wright and Dr. T. Secor, of Racine, and David Taylor, of Sheboygan, was appointed to report resolutions for the consideration of the meeting.

During the absence of the Committee, Judge R. W. Smith addressed the meeting forcibly and effectively.

At the close of his remarks the Committee through their Chairman, Mr. King, submitted the following resolutions:

Resolved, That we have heard with unmingled satisfaction, of the discharge, in due course of law, of our fellow citizens, S. M. Booth and Jno. Rycraft, from the fine and imprisonment to which they had been sentenced for alleged violation of the Fugitive Slave Act: that we regard this decision of our Supreme Court as a noble vindication of the great Writ of *Habeas Corpus* and the precious right of Trial by Jury; and that we thank them heartily for thus promptly interposing to protect two of our fellow citizens from the pains and penalties of an illegal conviction under so unjust, inhuman and unconstitutional act.

Resolved, That while we are not insensible to the magnitude of the issue thus raised, or the momentous conveyances with which its discussion and decision may be fraught; we should be unmindful of the great principles upon which our Republic is founded; forgetful of the immortal truth proclaimed at Philadelphia, on the 4th, of July, 1776; unworthy of the proud heritage bequeathed to us by our forefathers, and of the glorious State in which our lot is cast—dedicated from its birth to Freedom—and unfaithful, above all, to the cause of Equal Rights and Human Liberty, if we shrank from the issue now made, or hesitated to meet all its responsibilities, in the full confidence that GOD WILL PROSPER THE RIGHT.

Resolved, That inasmuch as all who countenanced, or sympathized in the escape of the alleged Fugitive Slave Glover from his brutal captors, were accessories in thought, if not in deed, to the constructive crime which made him free, and therefore equally guilty, in the spirit and letter of the Fugitive Slave Act, with those who have been singled out by the Federal Officers for prosecution and punishment, we hold it to be the duty and the proud privilege of every man, who in any way aided or applauded that escape, to bear his share of the pecuniary burdens cast upon Messrs. Booth and Rycraft, and to contribute his mite towards a common fund for their discharge.

Resolved, That the thanks of this meeting and of the People of Wisconsin, are richly due to Messrs. J. H. Paine, Byron Paine and G. W. Lakin, the counsel of Messrs. Booth and Rycraft, for the industry, ability and perseverance with which they conducted their respective cases to a triumphant result; and that believing the laborer to be worthy of his hire, and regarding these gentlemen as retained *for* the People, and to be paid *by* the People, we hold that they should be liberally compensated for their services and expenses out of the Fund proposed to be raised.

Resolved. That a Committee of seven be appointed by this meeting, whose duty it shall be to draw up and make public without delay, a statement of the amount now required to liquidate the debts already incurred, and meet the expenses likely to accrue, in the progress of the Rescue Trials, and to call upon the lovers of Justice and Liberty, here and elsewhere, for material aid, in limited sums, to make up the aggregate needed.

Pending the question on these resolutions,

Mr. C. K. Watkins, in reply to a loud call from the meeting, spoke at some length upon the importance of the question of Slavery or Liberty, that it was not local in its sphere, the agitation upon this subject was to be felt everywhere, they told us it was sectional in its nature, and that if agitation was kept up it would dissolve the Union. This the speaker emphatically denied; freedom knew no dividing line, there might be a dividing line drawn from the East to the West, but that line was to be seen only on the map. We could not divide the memory of the Patriots of our Revolution, who had fought for our freedom; the question might distract or divide parties and caucuses but nothing further; when the whole nation rose up in mass upon such a question as this, the people would become more liberal and require less government. Mr. Watkins was loudly applauded.

Mr. Byron Paine next addressed the meeting; stating, that it might be inferred that the last speaker and himself had personal feelings in the matter, both of them being under indictment from the grand jury, for a crime which the petit jury, who tried the indictment, had declared to be a "*noble, humane and benevolent act.*"

Mr. Paine proceeded to review the Fugitive Slave act, stating that at the time it was passed, or just before it, the *Sentinel* had expressed the opinion that it ought to be openly resisted with force and arms, and that even the *Wisconsin*, if the speaker remembered rightly which had never been very famous for expressing a *positive* opinion upon any subject, had ventured, at that time, to express something approximating towards a positive opinion to the same effect. Mr. Paine, in an able manner, reviewed the trials and the manner in which the juries had been packed, the manner in which Judge Miller had set up a rule of his own making, to overide the U. States Statute, which declared that the juries in the U. States Courts should be drawn in the same manner as those for the State Courts, so as to guard the citizen from all danger of packed juries.

Mr. Paine briefly alluded to the manner in which the writ of *Habeas Corpus* had been granted, and then enquired of the meeting what was to be done in case the Federal Officers were to attempt the re-arrest the defendants, without a reversal of the discharge of the Supreme Court. The discharge from our Supreme Court was a valid and binding discharge; the defendants were free, and must remain free, under that discharge, until that had been reviewed by the Supreme Court at Washington, and in case they declared the discharge void, then what was to be done? Some had said they would resort to violence; he counselled no violence, but to immediately apply to the Supreme Court at Madison for another writ of *Habeas Corpus*, and if the U. S. Marshal refused to obey that, then obtain a writ of attachment, and let the sheriff call upon the power of his County, if needed, and if such call was made there would be strong arms enough found to serve it and sustain the Sheriff. [Great cheering followed the remarks of Mr. Paine. Loud calls for Tweedy.]

Mr. Tweedy came forward, the hall echoing to the repeated cheers and applause that greeted him. He proceeded to state that he was rejoiced beyond degree that Providence had opened up a way, for these men (Booth and Rycraft) to be set free without a resort to force. He was there independent of all political parties; it was that because a great and vital principle was involved in the battle between Slavery and Liberty; that he was unwilling, when repeatedly called upon, to refrain from speaking, although he had understood that there were others in the meeting from abroad, and he had hoped to hear them. Mr. Tweedy gave a scathing review of the manner in which the Fugitive Slave Act, became the law of the land, the manner in which its passage had been obtained, members voting for it who had never seen it, much less read it and compared it to "a snap judgment in a country justice's court." He proceeded at length to discuss the manner in which Judge Miller had refused to allow the counsel to argue the *law* to the jury, or to let the jury be judges of the law and the facts.—He pronounced a glowing eulogy upon Alexander Hamilton, whose wisdom had penetrated through the gloom, far ahead of his associates, and predicted the very scenes now witnessed, resulting from judges, dependent upon the appointing power, curtailing the rights of the jurors and citizens. He urged upon every juror to claim and manfully stand up for those rights in criminal cases, to judge both law and fact, and for counsel to contend for it and never to give it up until removed from the bar by physical force. Mr. Tweedy was frequently interrupted by long and protracted cheering.

Mr. S. M. Booth was next loudly called for, and as he ascended the stand, greeted with cheering and applause. He spoke at some length and with much eloquence and ability, of the all-grasping, all-pervading spirit of Slavery, the infernal machinery of the Fugitive Slave Act, and the urgent necessity for a union of all Freemen to resist the further encroachments of the Slave Power. He bore down too, with severity, upon the Federal Officers in this State who had exhibited so much zeal in these prosecutions, and closed by warmly thanking his fellow-citizens, here and elsewhere, for the aid and sympathy which they had extended to himself and his fellow convict, John Rycraft, in all their troubles.

The question on the resolution was then put and they were adopted *unanimously*.

The Chair announced the following as the Committee of seven:—Rufus King, John H. Tweedy, Edward D. Holton, E. Wunderly and Edwin Palmer, of Milwaukee; F. W. DeBerard, of Racine, and David Taylor, of Sheboygan.

On motion, the meeting at half past 10 o'clock, adjourned.

Mr. Editor:—Did the Supreme Court of Wisconsin remit the fines imposed by Judge Miller, in the case of Booth and Rycraft on the writs of Habeas Corpus? If not, why did'nt it? The Supreme Court of Georgia would have done it quicker than lightning. ENQUIRER.

It is understood, we believe, by the parties interested, that the discharge of Messrs. Booth and Rycraft by our Supreme Court is from the fine as well as the imprisonment too which they wer sentenced by the U. S. Court.

Hartford County, } ss. Hartford, January, 1855.

Personally appeared THOMAS A. ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in Ranks of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance office, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000, has bona fide investment for the pledge and security of its policies.

The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinati, to the sum of $244,509 06, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its Agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

PATENT FIRE-PROOF SAFES.

THE SUBSCRIBER CONTINUES TO MANUFACTURE his unrivalled Patent Fire and Burglar Proof Safes, warranted equal to any and superior to some, of the many which have been tested, as published and noticed by the press throughout the world, for the last fifteen years; and is sole proprietor of Hall's Patent Powder Proof Lock, both having received separate medals at the World's Fair, London, 1851, and New York, 1853; also the patentee (by purchase) of Jones' celebrated Patent Combination and Permutation Bank Lock. $1000 in gold was placed in the safe exhibited at the World's Fair, London, secured by Hall's and Jones' Lock, and offered as a reward to any one who would pick the locks or open the safes within forty-five days, and although operated on by several skilled in the art of lock-picking, no one succeeded in opening the safe (no change or alteration of the locks or keys having been made during the time), but the money remained in its safe depository, and was restored to its proprietor, and a medal awarded for the champion safe of the world. THE BEST OF ITS CLASS.

MOORE'S RURAL NEW-YORKER is the leading American weekly AGRICULTURAL, LITERARY AND FAMILY NEWSPAPER. Its actual circulation *exceeds, by many thousands*, that of any other Agricultural or similar journal in either America or Europe—while it is beyond dispute, the *first of its class* in Merit and Usefulness.—The Agricultural, Horticultural, Mechanical and Scientific, Educational, Literary and News Departments of the RURAL embrace a greater variety of Practical, Timely, Useful and Entertaining Matter than is given in any other journal extant. In testimony whereof, and of its ability and popularity, read those

Notices from Prominent Journals:

THE RURAL NEW-YORKER is a paper the fame of which is without a blot. Characteristically Agricultural, it is in the broadest sense a Family paper, one which may be admitted without doubts as to its tendency. It has an immense circulation, and merits patronage wider still.—*N. Y. Recorder.*

Its leading feature, perhaps, is Agricultural; but in the departments of the Arts, the Sciences, Education, History, Literature, and the daily News, it is most ably and admirably sustained—is an honor to the newspaper family.—*Mich. Christian Journal.*

THE *Rural New-Yorker* is decidedly the best Agricultural paper in the United States, in each and all of its departments, and well merits its eminent success.—*Boston Olive Branch.*

No paper in this or any other country has ever run a more prosperous career. It is not only a favorite in the rural districts, but deservedly popular in cities.—*Louisville Journal.*

MR. MOORE *ought* to make a fortune out of his journal, and we trust he will, for *he is helping to make the fortune of the country*. We bid him "God speed."—*Ohio Statesman.*

No paper comes so near our ideas of perfection, for a secular family paper, as the *Rural*. It has always maintained a high moral standard.—*N. Y. Observer.*

In our opinion the *Rural New-Yorker* is the best Agricultural, Literary and family paper extant.—*Pa. Herald and Whig.*

STYLE, FORM AND TERMS.

THE SIXTH VOLUME, commencing Jan. 6, is printed on *Copper-faced Type* and otherwise materially improved.—With an able corps of Editors, and every facility for publishing in best style, the RURAL far excels all rivals and imitators in both CONTENTS and APPEARANCE. Each No. comprises *Eight Double Quarto Pages*, (forty columns) printed on superior paper and illustrated with Appropriate and Handsome ENGRAVINGS. ☞ Though the names of over *twenty-five thousand* subscribers have been entered upon our books within six weeks, there is yet room for more, and subscriptions can begin with the volume or any number.

TERMS—$2 a year—$1 for six months in advance. Great reduction and inducements to those who act as Agents or form Clubs—(including liberal *Cash Premiums* for subscribers obtained between Feb. 1st and May 1st, 1855.)—Specimen numbers, prospectuses, premium lists, &c., sent free; give us your address. THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on

Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:

NEW YORK, Dec. 5, 1853.

MR. N J CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

New York, Feb. 10.

The steamship *Union* sailed to day for Southampton and Havre, with 15 passengers and $125,000 in specie.

New Orleans, Feb. 9.

A portion of an expedition against Cuba is understood to have left this and other southern ports. Some more soon to follow. The total enlistment in this enterprize it is said amounts to 30,000.

Chicago, Feb 10th.

The Chicago and Mississippi R. R. is again open. St Louis papers of various dates, contain fearful accounts of suffering in the lower divisions of the Illinois Central and other Rail Roads. Trains have been entirely buried in snow, and passengers almost enduring starvation. Thermometer at 30 degrees below zero. Cars burned to prevent freezing. Weather here moderate with slight snow; Legislature adjourns Thursday, 15th inst.

Washington, Feb. 10.

The bill for the improvement for the Lakes, appropriates $100,000 each for Lakes Superior, Ontario, Erie and Michigan, and $100,000 for Lake Huron and St. Clair together, and $125,000 for Lake Champlain.

It was argued that the Secretary of War the officer in charge of those improvements would have too much discretionary power; but it was answered that he had only to apply the money appropriated judiciously and was not to Judge of the constitutionality of the appropriates.

On this point the debate was carried on by Messrs. Wade, Hunter, Clayton, Bayard, Stewart, Rush and Seward; the last submitting an amendment including in the bill the Buffalo, Oswego, Dunkirk, Rochester, Sodus and Little Sodus Bays; those of Conneaut, Cleveland and Burlington, Virginia, as well as all the other lakes and harbors in the states which were mentioned in the bill vetoed last year. The bill was then recommitted, on motion of Mr. Bayard, to the Committee on Commerce, with instructions to report specific appropriations.

Sundry bills from the House of Representatives were then received and referred to appropriate Committees, with the exception of that which divides the State of Illinois into two Judicial Districts, which was discussed and passed.

One or two bills were detained in their passage a second time, and one of the Senators thought there must be a screw loose somewhere in the management of the Recording Officers.

Harrisburgh, Feb. 10.

The Hon. Simon Cameron was nominated by the American caucus as their candidate for U. S. Senator, at half past 2 o'clock this morning. On the 5th ballot, Cameron had 46; scattering 46; being one vote more than there were votes present. Much excitement ensued on the 6th ballot. Cameron had 47, scattering 1. A fraudulent ballot was therefore again deposited, defeating the nomination of Mr. Cameron again. Row took place and numbers bolted on the 7th ballot. Cameron had 44; Curtin 11; Fuller 2. Great numbers having left the caucus, a resolution was adopted making the nomination unanimous. A row is anticipated on Tuesday, when both Houses meet to proceed to the election.

☞ The Hon. CHARLES DURKEE, we rejoice to state, has been chosen United States Senator from Wisconsin for six years from the 4th of March next. He is an old fashioned Abolitionist a thorough Land Reformer and Christian philanthropist. A better man Wisconsin does not hold, though we fear he will stand on the wrong side of the Tariff question. On all others, we are sure he will be found on the side of Progress and Humanity. He takes the place of the Hon. Isaac P. Walker, who, though pampered by perverance party associations, has voted right on a majority of the questions which have come before the Senate. He will leave many behind him when he leaves the Senate, who could better be spared than he can.—N. Y. Tribune Feb. 5.

ELECTION OF MR. SEWARD.—It will be seen by a dispatch in our telegraph column, that Hon. William H. Seward has been re-elected to the United States Senate by the legislature of New York for the term of six years from the 4th of March next Mr Seward is one who has been more abused than any man living, and with less cause. But all this opposition and abuse which he has received, have failed to shake the confidence of his great State, in his private integrity or his worth as a statesman. Those who know Mr. Seward best, love him most.—[Cincinnati Gazette.

CHARLES' LONDON CORDIAL GIN.

WITHOUT THE NECESSITY OF EXTRAORDINARY publicity, with scarcely an effort on the part of the proprietor, this superb Gin, in the short period which has elapsed since its introduction to the American public, has achieved a popularity beyond precedent in the whole list of Alcoholic stimulants.

The Certificates of over Five Thousand Physicians

in England and the United States, proclaim its transcendant merits.

It is upon the sideboard of the family, and the bar of every well-regulated hotel; by the bedside of the sick, as well as the companion of the healthy. Free from deleterious qualities, it is harmless in its application. The inebriate, by its use, finds it a safer stimulant, while in invalids it feeds the appetite, gradually weans him from the horrors of delirium, and restores a shattered constitution.

ITS GREAT REPUTATION IS DERIVED from its absolute purity, its delicious flavor—differing entirely from any other gin—its great utility as a medicine in cases of dyspepsia, gout, gravel, diseases of the Kidneys, and innumerable other maladies for which as a remedy and preventive it has no equal.

To Travellers it is Indispensably Necessary, dispelling the annoyances frequently engendered by change of water, etc., as also, ague, fever, and miasma of every description.

Charles' London Cordial Gin is put up in square bottles, stamped with the proprietor's name, a fac simile signature upon the label, and packed in cases of two dozen each.

Beware of imitations. The genuine Charles' London Cordial Gin can be had retail of all respectable druggists and grocers, at all hotels, and wholesale of the sole importers, DE VENGHE & CHARLES,
138 Pearl Street, New York.

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroidery, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable Inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album, with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct impressions.

It is put up in beautifully enameled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

N. HUBBELL, 167 Broadway, N. Y.

INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by [illegible].

Farmers, look to your own interest, and Insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.

Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire.

The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 3600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

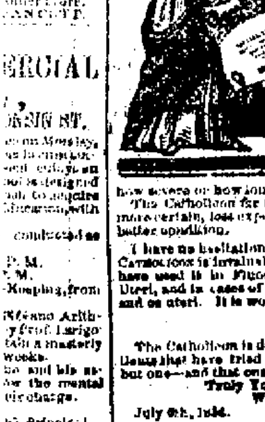
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative power, in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.

Truly Yours,

WM. LAIRD MAZLETT, M. D.,

July 8th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

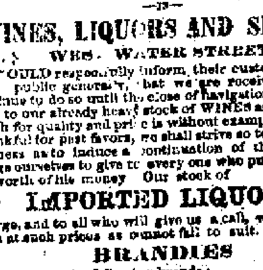
Fire King Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 10, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 15th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN, Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Vault Doors, Fire and Thief Proof Bank and Vault Doors. dec18

This is to certify that on the 25th of September last we purchased of R. D. Rice Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange;) that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men.
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

GEO. W. WESTBROOK (successor to A. G. Bragg & Co.,) Originator and Sole Proprietor.

Principal Offices, 304 Broadway, New York, and corner of Third and Market Sts, St. Louis, Mo.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Foss, Jr., and A. F. Clark. dec28-dwtf

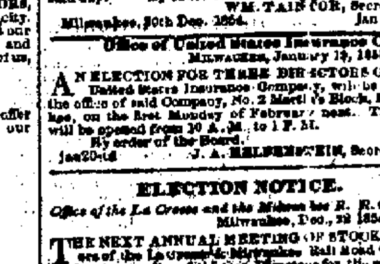
THE AMERICAN'S FRIEND!



HOLLOWAY'S PILLS.

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by occasionally keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Doloureux
Bilious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from whatever cause, &c.
Consumption	Head-ache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice		

☞ SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Boxes, at 37½ cents, 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

$250 REWARD!

WHEREAS, It is believed that the several fires which occurred on the nights of Tuesday and Wednesday of the present week, which have been so destructive of property, were the work of incendiaries. PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 28th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—TRY IT.

CONSUMPTION CURED.

New York, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. [illegible]

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh, and Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tubes,*" through which the vapor is conveyed to the parts affected, and which he earnestly recommends for the cheering results which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma,* and all other *affections of the Throat, Lungs,* and Air Passages. In case of failure, the money will be returned.
